PROFESSIONAL SUMMARY

Motivated and detail-oriented BCA student with a strong interest in software testing and quality assurance.

Skilled in basic programming, web technologies, and databases, with good problem-solving and analytical abilities.

Eager to learn, gain practical experience, and grow in an IT environment.

EDUCATION

BACHELOR OF COMPUTER APPLICATIONS (BCA), GLA UNIVERSITY

Focus: Software Testing, Programming Fundamentals, Databases & Web Technologies

2023 – 2027

SKILLS

SOFTWARE TESTING & QA

- Manual Testing
- Bug Identification & Reporting
- Test Case Basics
- Basic SQL & Databases
- Problem-Solving
- Analytical Thinking
- Attention to Detail
- Communication & Teamwork

LANGUAGES

HINDI Native
ENGLISH Working Proficiency

EXPERIENCE

STUDENT RECORD MANAGEMENT SYSTEM

Focus: Testing, Data Validation & Problem-Solving

- Developed a Python-based system to manage student records.
- Tested basic functions such as storing, updating, searching, and deleting records.

PERSONAL PORTFOLIO WEBSITE

Focus: Web Testing & User Experience

- Developed a responsive website using HTML, CSS, and JavaScript.
- Checked basic functionality, layout, and responsiveness.

ACADEMIC & TECHNICAL ACTIVITIES

Focus: Testing, Documentation & Team Collaboration

- Participated in academic projects and group activities involving technical tasks.
- Prepared project documentation and presentations.
- Collaborated with team members to complete assigned tasks and solve problems.

CERTIFICATIONS

SQL BASICS — HACKERRANK

Completed foundational SQL training covering basic database concepts, queries, data retrieval, filtering, and working with structured data. Developed an understanding of SQL fundamentals useful for database-related tasks and software testing.

AI AWARENESS — TCS ION

Gained foundational awareness of Artificial Intelligence concepts, applications, and their role in modern technology. Developed basic understanding of AI-driven solutions and technology trends relevant to the IT industry.

INTRODUCTION TO MANUAL TESTING — GREAT LEARNING

Completed foundational learning in manual software testing, including testing concepts, test cases, bug identification, defect reporting, and basic quality assurance practices. Developed an understanding of the software testing process and its role in delivering reliable software.

ACHIEVMENTS

DEVELOPED A RESPONSIVE PORTFOLIO WEBSITE USING HTML, CSS, AND JAVASCRIPT, DEMONSTRATING PRACTICAL WEB DEVELOPMENT AND PROBLEM-SOLVING SKILLS.

COMPLETED SQL BASICS CERTIFICATION FROM HACKERRANK, STRENGTHENING FOUNDATIONAL DATABASE AND SQL KNOWLEDGE.
